Zagreb

Dear Ambassador,

On behalf of the organizers of the ***First Summer School of Medical Ethics for Young Adults***, organized by the **European Federation of Catholic Medical Associations (FEAMC)** in collaboration with the **Croatian Catholic Medical Association (CroCMA)**, we are honored to invite you to become a valued sponsor and partner of this important educational initiative.

This unique program, aims to bring together young adults, students, healthcare professionals, and future leaders from across Europe to explore essential topics in Christian values, medical ethics, human dignity, healthcare responsibility, and compassionate leadership.

The Summer School seeks to create an inspiring academic and intercultural environment where participants can engage in meaningful discussions, workshops, and lectures led by distinguished experts in medicine, ethics, theology, and public health. Through this initiative, we hope to encourage ethical awareness, strengthen the moral foundations of future healthcare professionals, and preserve the Christian values that uphold the dignity of every human person, compassion in care, respect for life, solidarity, and responsibility toward society. In a rapidly changing world, we believe it is especially important to support young people in developing a strong ethical and spiritual foundation rooted in Christian principles and humanitarian service.

To successfully organize this event and make it accessible to motivated young participants from different backgrounds, we are seeking financial support and sponsorship from generous individuals, organizations, institutions, and companies that share our vision and commitment to education, ethics, and healthcare excellence.

Your sponsorship or donation would directly contribute to:

- Educational materials and workshop resources,
- Accommodation and meals for participants,
- Venue and organizational expenses,
- Scholarships for students with limited financial means,
- Guest speakers and academic programming.

In recognition of your generosity, sponsors and donors will be acknowledged in our official event materials, social media communications, and during the program activities, unless anonymity is preferred.

We would be deeply grateful for the opportunity to discuss potential collaboration and sponsorship possibilities with you. Any contribution, regardless of size, will have a meaningful impact on the success of this initiative and on the young people who will benefit from it.

Thank you for considering supporting this meaningful educational endeavor. We sincerely hope you will join us in promoting ethical leadership and responsible healthcare for future generations.

Should you wish to discuss sponsorship opportunities or require additional information, please feel free to contact us.

With gratitude and best regards,

Yours in Christ
